

Environmental Policy Statement 2022

Based in Staffordshire, Patera Engineering Ltd is a family run architectural, mechanical and structural engineering business, aiming to please time and time again. With over 30 years of business experience and a vast variation of fabrication projects carried out in the West Midlands and across the U.K, we are proud of our commitment to deliver not only value for money but good old fashioned quality. Formed in 1988 we carry out fabrication contracts throughout the UK and on the Continent. We specialize in three main areas: Structural, Mechanical and Architectural Fabrications. Our dedicated and multi skilled work force are committed to producing high quality Fabrications.

We are committed to ensuring compliance with all relevant statutory requirements and high standards of environmental compliance throughout our operations, encompassing best practise on site manufacturing and in our offsite installations. The company is now accredited to ISO 14001:2015, which will be upheld and maintained throughout the year and recertified through our accrediting body SGS annual.

This shall be achieved by: -

Striving to carry out all its operations in an environmentally sensitive manner, Patera Engineering Ltd aims to minimise the consumption of resources; releases to the atmosphere; water consumption and waste disposal. Patera Engineering Ltd seeks to follow good environmental practice on purchasing, energy use, transport and waste management.

This policy encompasses the environmental objectives of Patera Engineering Ltd and has the support of the Management team, the staff of Patera Engineering Ltd. This policy statement is communicated to all interested stakeholders and contractors.

The Managing Director is responsible for implementing this policy and communicating it to each employee.

Patera Engineering Ltd intends to set, improve and review its environmental standards on a continual basis.

This Policy is subject to regular review to ensure that it continues to reflect the aims of Patera Engineering Ltd and promotes continuous environmental improvement throughout all Patera Engineering's operations.
